

Mining and mineral processing

Aggregate, cement and building materials processing

Food processing

Recycled material processing

Web Tech AutoWeigh is a privately owned Australian company specialising in the design, manufacture and servicing of continuous weighing and feeding equipment for all facets of industry. Established in 1984, our head office and manufacturing facilities are located on the Technology Park at Eight Mile Plains, just south of Brisbane CBD, Queensland.

We have a large range of standard equipment to suit most applications; however we specialise in producing custom solutions to suit existing plant layouts and process requirements. Retrofitting of older existing equipment is also a specialty. Equipment manufactured by Web Tech AutoWeigh has been installed in countries worldwide including USA, China, Indonesia, Malaysia, Thailand, Chile, Argentina, New Zealand and others.

We have provided systems for materials varying from iron ore to potato chips, and most materials in between. If you have an application in mind, please contact us or visit our website:

www.web-tech.com.au

Equipment supplied includes the following:

- **Weigh Belt Feeders**
- **Conveyor Belt Scales**
- **Loss-In-Weight Feeders**
- **Screw Weighing Systems**
- **Volumetric Feeders**
- **Vibratory Feeders**
- **Metal Detectors**
- **Bulk Bag Un-loaders**
- **Bin Weighing & Level Systems**
- **Load Cells**
- **Conveyor Take-ups**
- **Stainless Steel Cleaners**

Web Tech AutoWeigh

Manufacturers & designers of bulk solids weighing & proportioning systems

Web Tech AutoWeigh has kept at the forefront of manufacturing technology. Through continual investment Web Tech AutoWeigh utilises all the very latest technology for several very good reasons. It ensures our products are Accurate, Reliable, Easy to setup, use and are the best value on the market. Good value does not have to affect accuracy, performance and reliability; it just means we have found ways to manufacture more cost effectively. In-House electronic manufacture also ensures total control on quality. Web Tech AutoWeigh also offer comprehensive service contracts with one of our qualified technicians.

Web Tech Autoweigh Has worked with some of the largest Engineering consultancies in Asia pacific, Including Ausenco who have worked with Web Tech Autoweigh for the last 10 years.

"We are always impressed with Web Tech technology. They produce quality equipment and are innovative. Their responses and feedback on technical issues are valuable to the engineer and designer. They produce consistent quality and accuracy with their equipment and are the major reasons for using Web Tech AutoWeigh. The ability to produce on time and be competitive was also a major factor in our choice of supplier. They meet our vendor data requirements and quality control. Overall they offer good design features and produce quality equipment"

Peter Murphy, Area Lead Engineer, [Ausenco Brisbane](#)

Please contact us if you require more information, or if you would like a quotation please fill out a product specific application data form from the website and send it with your enquiry.
